29、Drum Lifter / Rotator

Special design for lifting, rotating or stacking drum.

Could be operated with hand pump and power for lifting.

Could be designed with all electric operation including lifting, rotating and driving.

Model	208B-DC
Capacity	400kg
Lifting H.	1500mm
Turing Radius	1400mm
Leg. Width(Inside/Outside)	760/790mm
Hydraulic Motor	DC12V/1500W
Battery	12V/160Ah
Battery Charger	AC110V/AC220V/50Hz/DC 12V/15Ah
Net Weight	291KG
Overall Size	1050X780X2080mm
